**OBJECTIVE:** During this course you will learn the basic skills necessary for **communicating in BCS (speaking, listening, reading, and writing)**. You will also learn about Balkan cultures and increase your ability to use **effective strategies for language learning and communication**. In addition to becoming a proficient speaker of BCS, I hope that you will become a skilled language learner and develop a curiosity about and love for Slavic cultures.

**THE INSTRUCTOR'S ROLE:** As a language teacher (and a native speaker and native of Serbia) I will do my best to make our time in the classroom interesting, inspiring, and productive. We will evaluate the result at the end of the quarter.

**THE STUDENTS' ROLE:** By registering for this course, you have chosen an opportunity to learn a major South Slavic language. The learning process requires your complete cooperation inside and outside the classroom. A very important part of your work is homework; to this, I will add that it is **preferred for students to hand in their homework on the day for which it was assigned**, and **expected no later than a week after the day for which it was assigned**.

Last, but – by no means – least, your own ideas are always more than welcome – only through open and creative interaction can we hope that we will be successful.

Please feel free to ask for clarification on any part of the syllabus or any of the instructor's explanations.

## GRADING
