

Brain Sudoku

G	A	M						N
		E	N					A
I		T						
T	E		A		G		M	K
			E		H			
A	K		M		T		N	H
						T		I
N					I	M		
E						N	A	G

This puzzle can be solved with logic and without guessing. Each box should have a letter from the words THINK GAME. Each row must contain only one of each letter; each column should contain only one of each letter; each of the nine 3x3 boxes should contain only one of each letter. A sudoku puzzle is a game when you need to think – it is a “THINK GAME.”
