Education

1980 B.A. Biology cum laude, Millersville University, Millersville, PA.  
1983 M.A. Biology, Wake Forest University, Winston-Salem, NC.  
Thesis title: Food Supply And Home Range In The Fox Squirrel (*Sciurus niger*).  
1989 Ph.D. Zoology (Behavioral Ecology), Colorado State University, Fort Collins, CO.  
Dissertation title: The Effects Of Time And Metabolic Requirement On Foraging Behavior Of Captive Gray Jays.

Professional Experience

1982-1983 Research assistant, Wake Forest University.  
Fall 1983-Spring 1988 Teaching assistant, Department of Zoology/Biology, Colorado State University. Courses taught: Mammalogy, Vertebrate Biology.  
Spring 1986 Instructor for Vertebrate Biology, Zoology Department, Colorado State University.  
Fall 1988-Spring 1989 Instructor for Principles of Animal Biology (freshman majors/non-majors lab course), Biology Department, Colorado State University  
Fall 1989-Fall 1990 Temporary Assistant Professor for Principles of Animal Biology (all semesters), Vertebrate Biology (fall), and Graduate Seminar in Behavior: Evolution of Social Systems and Behavior (spring), Biology Department, Colorado State University.  
1990-1992 Research Scientist III, University of Washington Regional Primate Research Center.  
1991-1992 Lecturer, Psychology Department, University of Washington, Seattle.  
1992-1999 Research Assistant Professor, Department of Psychology and Washington National Primate Research Center, University of Washington.

- 1993-present Research Affiliate, Child Development and Mental Retardation Center, University of Washington.

1996, 1998 Visiting Scientist, Population Genetics Laboratory, Southwest Foundation for Biomedical Research, San Antonio TX.

- 1999-present Research Associate Professor, Department of Psychology and Washington National Primate Research Center, University of Washington.
- 2001-present Data Management Director, Infant Primate Research Laboratory, University of Washington.
- 2004-present Credentialed as a Certified Applied Animal Behaviorist by the Animal Behavior Society ([www.animalbehavior.org](http://www.animalbehavior.org))

- 2006-present Head of the Colony Demographics and Genetics Program, Washington National Primate Research Center

### Research Grants

- 1979 Research grant from Millersville University Alumni Foundation's Niemeyer Student Research Fund.
- 1980 Grant for travel expenses from Millersville University Alumni Foundation's Niemeyer Student Research Fund.
- 1984 Research grant: Harris and Eliza Kempner Foundation (with S.D. Farley) for "Risk-sensitive foraging by gray jays in a closed economy."
- 1987 Colorado Mountain Club Foundation Research Fellowship for "Foraging behavior in free-ranging gray jays."
- 1992 Active contributor to budget, drafting, submission, and review process for 5-year Regional Primate Research Center Core Grants, including development of new programs in both Basic and Colony Health-Related Research categories.
- 1997, 1998 Supervised grant-writing and award process for graduate student grants awarded to Renee Robinette from the Animal Behavior Society Research Grants Program and Sigma Xi.
- 1997, 2002 Active contributor to budget, drafting, submission, and review process for successful 5-year Regional Primate Research Center Core Grants, including development of new programs in both Basic and Colony Health-Related Research categories.
- 2003 Active contributor to budget, drafting, submission, and review process for successful 5-year Center for Human Development and Disability Core Grant.
- 2003-2005 Contract from Northwest Fisheries Research Center, NMFS: Proposal to the National Marine Fisheries Service, Northwest Fisheries Research Center: Social Behavior and Affiliation Patterns in Southern Resident Orca (*Orcinus orca*), \$51,000.
- 2005 Co-PI, with Dr. Linda Jones (Northwest Fisheries Research Center, NOAA), Proposal to the National Marine Fisheries Service, Northwest Fisheries Research Center: Social Behavior and Affiliation Patterns in Southern Resident Orca (*Orcinus orca*): Year 3, \$50,000.
- 2005-2010 Co-PI, with Dr. Renee Ha, Contract from Division of Wildlife, Commonwealth of the Northern Mariana Islands, Proposal to Study the Decline of the Mariana Crow (*Corvus kubaryi*) and the Rota Bridled White-eye (*Zosterops rotensis*) on the Pacific Island of Rota, Total funding to date: \$1,138,000..
- 2007 Active contributor to budget, drafting, submission, and review process for successful 5-year National Primate Research Center Core Grants, including development of new programs in both Basic and Colony Health-Related Research categories.

#### Papers Submitted

- Agness, A.M., K.N. Marshall, J.F. Piatt, J.C. Ha, and G.R. VanBlaricom. Evaluating the energetic impacts of human disturbance on a declining marine bird: a risk assessment. Submitted: *Biological Conservation*.
- Alloway, H. and J.C. Ha. The Effect of aggression on reproductive outcome in pigtailed macaques (*Macaca nemestrina*). Submitted: *American Journal of Primatology*.
- Ha, R.R., J.C. Ha, L. Berry, and J. Morton. Nest site selection in the Mariana crow (*Corvus kubaryi*). Submitted: *Wilson Journal of Ornithology*.

Publications in Preparation: These are papers for which complete manuscripts are undergoing in-house editorial revision before submission. This list does not include data for which no manuscript has been prepared.

- Ha, J.C., J. Buckley, and R.R. Ha. Forest bird abundances and the potential for typhoon impact on bird populations on the island of Rota, Northern Mariana Islands.
- Hinde, K., J.C. Ha, and L. Newell-Morris. Spontaneous abortion as a reproductive strategy in captive macaques of compromised maternal condition.
- Noren D.P., A. Larson, J. Marsh, J.C. Ha. Southern Resident killer whale behavioral responses to vessels (in prep, for submission to Canadian Journal of Zoology).
- Agness, A.M., J.F. Piatt, J.C. Ha, and G.R. VanBlaricom. Using at-sea observations of fish-holding Kittlitz's murrelet (*Brachyramphus brevirostris*) to depict breeding phenology and chick diet.
- Marsh, J.A. and J.C. Ha. Historical analysis of association patterns in southern resident killer whales (*Orcinus orca*). Submitted: Northwestern Naturalist.
- Ha, S.J. and J.C. Ha. Geographic differences in call structure among Pacific Northwest crow populations.

#### Books and Book Chapters

- Ha, J.C. 1996. Microcomputers: an overview for ethologists. In: Lehner, P.N. Handbook of Ethological Methods. Cambridge University Press, NY. 512 pp.

#### Scientific Presentations: Departmental Seminars, Invited Lectures, and Short Courses

- Why Mice Climb Trees, or Niche separation of *Peromyscus leucopus* and *Blarina brevicauda*. Departmental seminar, Biology Dept., Millersville University. November 1979.
- Home Range and Food Supply in the Southeastern Fox Squirrel. Departmental seminar, Biology Dept., Wake Forest University. Spring 1983.
- Searching Biological Literature by Computer: A Workshop. Departmental seminar, Zoology Dept., Colorado State University. December 1986.
- How to Search 19 Years of Literature in 10 Minutes. Departmental seminar, Fisheries and Wildlife Biology Dept., Colorado State University. March 1988.
- Measurement of Physiological Stress in Free-Ranging Animals. Workshop on Aircraft/Wildlife Interactions. U.S. Fish and Wildlife Service and U.S. Air Force, Estes Park, CO 12 April 1988.
- The Effects of Foraging Time and Metabolic Requirements on Foraging Behavior and Metabolic Rate of Captive Gray Jays (*Perisoreus canadensis*). Departmental seminar, Biology Dept., Colorado State University. April 1989.
- Gray Jays: Field Biology and Animal Behavior. Public lecture: Colorado Department of Parks and Recreation, Colorado State Forest. 14 July 1990.
- Guest lecturer, Animal Behavior Course. Biology Dept., Colorado State University. 1987, 1988, 1989.
- Guest lecturer, Ethological Methods Course. Biology Dept., Colorado State University. 1988, 1990.
- Thermoregulation and Behavior of Gray Jays: Past, Present, and Future Studies. Guest lecture, Comparative Physiology Course. Biology Dept., Colorado State University. September 1989.
- Guest lecturer, Vertebrate Biology Course. Biology Dept., Colorado State University. February 1990.
- Guest lecturer, Psychology as a Natural Science Course. Psychology Dept., University of Washington. 1992, 1993.

- Guest lecturer, Developmental Psychology Seminar. Psychology Dept., University of Washington. 1991, 1992, 1993, 1994, 1995, 1996, 1998, 2000.
- Guest lecturer, Methods of Data Analysis Workshop Series. Child Development and Mental Retardation Center, University of Washington. 1992.
- Guest lecturer, Statistical Methods in Longitudinal Research Course. Psychology Dept., University of Washington. 1993, 1994, 1995, 1997, 1999, 2000, 2002.
- Ecology of the Gray Jay in the Rockies. Invited Seminar, Biology Department, Millersville University, Fall 1993.
- Infant Primate Research Laboratory: Ethology and Psychology. Invited Seminar, Biology Department, Millersville University, Fall 1993.
- Invited workshop participant: Methods in Genetic Epidemiological Analysis, Southwest Foundation for Biomedical Research, San Antonio TX, October 1995.
- Guest lecturer, Comparative Animal Behavior. Psychology Department, University of Washington. Summer 1996.
- Social Housing and Pregnancy Outcome in Captive Pigtailed Macaques. Invited seminar, UW Regional Primate Research Center, August 1998.
- Social Housing and Pregnancy Outcome in Captive Pigtailed Macaques. Invited seminar, UW Psychology Department, August 1998.
- Recent Research on the Northwestern(?) Crow: Foraging, Acoustics, and DNA. Meeting of the Washington Ornithological Society, March 1999.
- The Social Behavior of Highly Cognitive Animals: Examples from Crows, Monkeys, and Orca Whales. Invited seminar, Laboratory of Ornithology, Cornell University, Ithaca NY, 30 October 2000.
- Invited Workshop Participant: Colony Records Analysis. Southwest Regional Primate Research Center and National Institutes of Health (NCR), Jan 12, 2001.
- Invited Workshop Participant: Colony Records Analysis II. Jackson Laboratories and National Institutes of Health (NCR), Jun, 2001
- Heritability of Cognitive and Reflex Development in Infant Pigtailed Macaques: Preliminary Results and Future Directions. Invited seminar, Oregon National Primate Research Center, Beaverton OR, 24 September 2001.
- Invited Workshop Participant: Ethoinformatics. Indiana University's Center for the Integrative Study of Animal Behavior and National Science Foundation, April, 2002.
- The Social Behavior of Highly Cognitive Animals: Examples from Crows, Monkeys, and Orca Whales. Invited seminar, Department of Biology, Boise State University, Boise ID, 19 October 2002.
- Chair of Workshop: Colony Records Analysis III. NIH-National Center for Research Resources, San Antonio, TX November 2002.
- The Social Behavior of Highly Cognitive Animals: Examples from Crows, Monkeys, and Orca Whales. Invited seminar, Behavioral Ecology Institute, National University of Mexico, Mexico City Mexico, 14 December 2002.
- Invited Workshop Participant: Ethoinformatics II. Cornell University's Laboratory of Ornithology and National Science Foundation, Feb 2003.
- The Social Behavior of Highly Cognitive Animals: Examples from Crows, Monkeys, and Orca Whales. Invited course lecture, Animal Behavior course, North Seattle Community College, Seattle WA, 13 Mar 2003.
- Invited Workshop Participant: National Marine Fisheries Service Review of Research Needs for Southern Resident Killer Whales: I, Whale-watching and II, Food Supply. Northwest

- Fisheries Research Center, May 2003.
- Invited Workshop Participant: National Marine Fisheries Service Review of Research Needs for Southern Resident Killer Whales 2004. Northwest Fisheries Research Center, Jan 2004.
- Social Behavior of Resident Inshore Killer Whales in the Pacific Northwest: Natural and Human Influences, Invited seminar, Psychology Department, New College of the University of South Florida, 17 Mar 2004.
- Organizer and Chair of National Marine Fisheries Service workshop on Behavior Coding of Killer Whales, 20 April 2004.
- Colony Records Analyses of the WaNPRC Pigtailed Macaque Colony, Invited lecture, Oregon National Primate Research Center, 5 May 2004.
- The Sensory Systems of Sharks. Invited course lecture, Animal Behavior course, North Seattle Community College, Seattle WA, 9 Jun 2004.
- The Social Behavior of Highly Cognitive Animals: Examples from Crows, Monkeys, and Orca Whales. Invited seminar, Biology Department, Millersville University of Pennsylvania, 21 Sep 2004.
- Social Behavior of Resident Inshore Killer Whales in the Pacific Northwest: Natural and Human Influences, Invited seminar, Biology Department, Millersville University of Pennsylvania, 22 Sep 2004.
- Co-Chair of Workshop: Colony Records Data-sharing Initiative. NIH-National Center for Research Resources, San Antonio, TX 1-4 November 2004.
- Cat Behavior and Misbehavior, Invited talk, Seattle-King County Humane Society, 16 Nov 2004.
- A Quick Introduction to the U.W. Infant Primate Research Laboratory. Invited lecture, Oregon National Primate Research Center, Animal Model of Gestational Diabetes Workshop, 6 December 2004.
- The Sensory Systems of Sharks. Invited course lecture, Animal Behavior course, North Seattle Community College, Seattle WA, 11 Feb 2005.
- Social Behavior of Resident Inshore Killer Whales in the Pacific Northwest: Natural and Human Influences, Invited seminar, St. Andrews University, Scotland. 1 September, 2005.
- Basic and Applied Behavior: Social Foraging and Conservation of Crows, Invited seminar, St. Andrews University, Scotland. 1 September, 2005.
- Cat Behavior and Misbehavior, Invited talk, Seattle-King County Humane Society, 8 Nov 2005.
- Behavior and Ecology of Forest Crows in Washington and Micronesia, Invited talk, Northwest Exotic Bird Society, 19 January 2006.
- Cat Behavior and Misbehavior, Invited talk, Seattle-King County Humane Society, Nov 2006.
- Social Behavior of Resident Inshore Killer Whales in the Pacific Northwest: Natural and Human Influences, Invited seminar, Lincoln Park Zoo, Chicago, March 2007
- The Social Behavior of Highly Cognitive Animals: Examples from Crows, Monkeys, and Orca Whales. Invited seminar, Department of Biological Sciences, Purdue University, West Lafayette, IN, March 2007.
- Short Course. An Introduction to Basic Statistics. University of Brasilia, Brasilia, Brazil. April 14-19, 2008.
- Short Course. An Introduction to Basic Statistics. Sao Paulo State University, Sao Jose do Rio Preto, Brazil. April 22-25, 2008.
- Biologists In Need Of Mathematicians: A Few Examples of Mathematics in Animal Behavior, Invited seminar, Department of Computing and Statistics, Sao Paulo State University, Sao Jose do Rio Preto, Brazil. April 28, 2008.
- Social Behavior of Resident Inshore Killer Whales in the Pacific Northwest: Natural and Human

Influences, Invited seminar, Department of Biological Sciences, Sao Paulo State University, Sao Jose do Rio Preto, Brazil. April 28, 2008.

Social Behavior of Resident Inshore Killer Whales in the Pacific Northwest: Natural and Human Influences, Invited seminar, Haller Lake Community Center. May 1, 2008.

### Honors and Awards

1980 Awarded undergraduate departmental honors. Thesis title: "Application of radiotelemetry to the study of the southern flying squirrel (*Glaucomys volans*).

1980 A.G. Breidenstine Award for excellence in undergraduate research, Millersville U.

1980-1982 Graduate academic scholarship: Wake Forest University.

1987 Teaching Fellowship Award for Excellence in Undergraduate Teaching: Colorado State University.

1997 Alpha Phi Sorority Faculty of the Year Award: University of Washington.

1998 Founders' Memorial Poster Award for "Evidence For Multiple Factors Influencing Vigilance." With R.L. Robinette, annual meeting of the Animal Behavior Society, July 18-22, 1998.

2008 Fellowship as Visiting Scientist, Brazilian Research Council.

### Societies

Animal Behavior Society

American Society of Primatologists

Association of Field Ornithologists

Sigma Xi (National Research Honor Society)

### Service to Department

1982-83 Graduate student representative to faculty: Biology Dept., Wake Forest U.

1984-86 Member (1984), Chairman (1985): Colloquium in Life Sciences Committee, Zoology Department, Colorado State University.

1986-Spring 1989 Graduate student liaison to C.S.U. Morgan Libraries: Zoology/Biology Department, Colorado State University.

1987-1990 Implemented and maintained departmental account for computer bibliographical database access (BRS AfterDark, primarily Biological Abstracts), including presenting training seminars and workshops for faculty and students.

1989-1990 Computer and Statistics Consultant, Biology Department, Colorado State University. Resource person for microcomputer users in department. Statistics resource person for graduate students in Biology, Fisheries and Wildlife, and Psychology Departments.

1991-present Serve on various National Primate Research Center committees: Colony Modeling Committee, Animal Records System Committee, Breeding Colony Advisory Group, and IPRC New Computing Resources Committee. Currently serve on Animal Record System Advisory Committee.

1998-1999 Served on annual review and renewal committee for Laura Little, Lecturer, Psychology Department

2000-2003 Appointed as Animal Behavior Area Representative, Graduate Training Committee, Psychology Department.

2000-2005 Elected Faculty Senator from Psychology Department

2006 Served on Distinguished Graduate Student Teaching Award selection committee.

2007 Served on Distinguished Graduate Student Teaching Award selection committee.

Service to Profession

- 1988-1996 Developed, maintained ABSnet, a professional electronic mail network.
- 1989-present Ad-hoc reviewer for Animal Behaviour
- 1990-1996 Appointed to Public Affairs Committee, Animal Behavior Society.
- 1991-present Ad-hoc reviewer for American Journal of Primatology
- 1991-1994 Appointed to Education Committee, American Society of Primatologists.
- 1992-1994 Local Host for 1994 Animal Behavior Society meeting at the University of Washington.
- 1995 Appointed to chair ad-hoc Conservation Committee, Animal Behavior Society.
- 1996-1997 Statistics advisor to Editorial Board of Animal Behaviour.
- 1996-1998 Appointed as first chair of Conservation Committee, Animal Behavior Society
- 1996-2009 Appointed as Internet/Web Site (ABSnet) Manager, Animal Behavior Society
- 1998-2001 Elected Member-at-Large, Executive Committee, Animal Behavior Society
- 1999 Ad-hoc reviewer (twice) for Natural Sciences and Engineering Research Council of Canada research proposals
- 2000 Ad-hoc reviewer for National Science Foundation
- 2000 Participant in Animal Behavior Society's Year 2000 Summit on the Future of Behavior
- 2001-2003 Elected first Senior Program Officer, Executive Committee, Animal Behavior Society
- 2002 Member, National Science Foundation/Animal Behavior Program Doctoral Dissertation Improvement Grant Review Panel
- 2002-2005 Co-Chair National Institutes of Health/National Center for Research Resources Colony Records Analysis Working Group
- 2002-2005 Local Host for 2005 Animal Behavior Society meeting: Snowbird Ski Resort, Utah.
- 2003 Member of four-person Animal Behavior Society Central Office site visit team
- 2004-2007 Appointed Director of Animal Behavior Society's Central Office
- 2005-2008 Appointed Editor, Animal Behaviour
- 2006-2009 Elected Treasurer, Animal Behavior Society
- 2008-2014 Appointed US delegate to International Council of Ethologists

Also occasional reviewer for International Journal of Primatology; Zoo Biology; Institute for Laboratory Animal Research; Behavioral Research Methods, Instruments, and Computers; Journal of Comparative Psychology

Other Professionally-related Activities

Author of EVENT-PC software for recording behavioral data by computer. Also authored SEQ-PC for sequential analysis of behavioral data. Author of several custom software packages for researchers in North and South America. In 2003, I developed a Palm PDA-based program for collecting behavioral data, now in use in 5 labs at the University of Washington, as well as 2 labs at Indiana University and over 20 other installations on six continents.

Partner in Companion Animal Solutions LLC, a private clinical practice in applied animal behavior and the treatment of companion animal behavior problems. Prior to 2007, operated Animal Behavior Associates of Washington. 1999-present.

Co-Founder of Companion Animal Behavior Connection, a local organization of accredited

professional pet behavior specialists with the goal of providing educational resources and professional access to both local veterinarians and the public.

#### Collaborators

Publications with U Washington collaborators: Kimpo, C; Sackett, GP; Robinette, RL; Unis, AS; Roberson, MD; Dorsa, DM; Nosbisch, C; Abkowitz, JL; Conrad, SH; Mottet, NK; Ruppenthal, GC; Unadkat, JD; Heath-Lange, S; Davis, A; Novak, MFSX; Walker-Gelatt, CG; Bentzen, P; Kroeker, R; Jacobs, R; Nicholson, T; Lockard, JS.

Publications with Southwest Foundation for Biomedical Research collaborators: Nair, S; Rogers, J; Almasy, L; Dyke, B.

Graduate Advisors: Weigl, PD (Wake Forest U); Wunder, BA & Lehner, PN (Colorado State U)

Advisees: Kimpo, C; Robinette, RL; Hawks-Johnson, S; Marsh, JL; Skiver Thompson, R; Alloway, H; Colon, M.; Sussman, A.

Postdoctoral researchers: Fernandez, E.
