

# NEW! Seattle Microbrewery Tour and Lunch

Tuesday, August 14, 2018, 1:30pm - 6:30pm  
(drinking not required)

---

Seattle has a hopping microbrewery scene. After all, Washington State is the source of the world's most prized hops for beer making.

All faculty, attendees and their guest are invited to this no-host tour which will leave the Grand Hyatt after the Tuesday sessions, at 1:15pm. We will provide a comfortable charter bus to three of our local microbreweries in the Georgetown area: Schooner Exact (lunch available), CounterBalance and Two Beers Brewery/Seattle Cider Company. Our first stop will have lunch available, with tasting and touring at all three stops and returning to the Hyatt around 6:30 PM.

Feel free to come along even if you are not into beer- there is no cost for the ride. This is a fun, informal opportunity to relax with fellow radiologists and talk about life, the universe and everything in between.

RSVP to [jeff8rob@UW.edu](mailto:jeff8rob@UW.edu) by August 10 as space is limited.
