

A wide-angle photograph of a majestic, snow-covered mountain range. The central peak is the most prominent, with several smaller peaks and ridges extending to the right. The mountains are heavily blanketed in white snow, with some rocky outcrops visible. In the foreground, a steep, snow-covered slope is dotted with numerous evergreen trees. A ski lift line with several towers is visible on the right side of the slope. The sky is a pale, overcast blue. The text "Weekly Update" is centered over the middle of the image in a black, serif font.

Weekly Update

General discussion

A scenic view of a snow-capped mountain range under a cloudy sky, with a dense forest of evergreen trees in the foreground. The mountains are rugged and covered in snow, with some rocky peaks visible. The sky is overcast with soft, grey clouds. The foreground shows a snowy slope with many evergreen trees, some of which are covered in snow.

- Extra credit due this week. None accepted after end of class today
- Questions on final?

Grading

Differential Diagnosis

10 pts

History and Physical

10 pts (Due 1/29)

Physical Exam write up (optional)

10 pts (Due 3/5)

Must be arranged with instructor before end of 2/19 class

Midterm Quiz (Handed out 2/12 Due 2/19)

20pt

in order to get maximum benefit this should be done following the final exam format

Final Exam

160 pts

Will be able to throw out 6pts worth of questions on final

Optional Extra Credit 5pts each

up to 15 pts (no later than 3/5)

(must arrange with instructor before 2/19 end of class)

200-220pts total

Final Exam
