

Masters of Procedure

Part 1. Working individually, take the procedural quiz. Do not research the questions. Write down your final score.

Part 2. Working as a group, take the procedural quiz. Do research the questions if needed. Write down your score.

To pass the quiz, your group needs to correctly answer 80% of the questions. If you score less than 80%, take the quiz again.

If your group correctly answers 90% or more of the questions, consider yourselves Masters of Procedure!

*The **Tutorials** page on the LegSim website is the place to begin. Additional information can be found on the Student Resources page at info.legsim.org (or on the internet of course!)*
