---

**PERSONAL DATA:** Born September 23, 1967, New York, NY

---

**EDUCATION AND POSTGRADUATE TRAINING:**

2003 Graduate Certificate in Medical Informatics  
Oregon Health and Science University

1998-1999 Teaching Scholars Program (a one-year faculty development program)  
University of Washington, Seattle, Washington

1993-1996 Family Medicine Residency  
Providence Medical Center, Seattle, Washington

1993 M.D. with Distinction in Research  
Albert Einstein College of Medicine, Bronx, New York

1988 B.S. *magna cum laude* with Honors in Neuroscience  
Brown University, Providence, Rhode Island

---

**ACADEMIC POSITIONS HELD:**

2000 – present Clinical Assistant Professor  
Division of Biomedical and Health Informatics, University of Washington

1999 – present Clinical Assistant Professor  
Department of Family Medicine, University of Washington

1997 – 1999 Clinical Instructor  
Department of Family Medicine, University of Washington

---

**PROFESSIONAL ORGANIZATIONS:**

2006 – present Healthcare Information and Management Systems Society

2004 – present Physicians for Human Rights

2001 – present American Medical Informatics Association

1997 – present American Academy of Family Physicians  
King County Academy of Family Physicians  
Washington Academy of Family Physicians  
Washington State Medical Association

---

**MEDICAL INFORMATICS EMPLOYMENT:**

- 2008 – present      **Medical Director, Physician Practice Solutions  
McKesson Provider Technologies**  
Same responsibilities as “Electronic Health Record Product Manager” below, with additional responsibilities in strategic planning, cross-business-unit initiatives, and customer relations.
- 2005 – 2008      **Electronic Health Record Product Manager  
McKesson Provider Technologies (formerly Physician Micro Systems, Inc.)**  
Overall responsibility for design of Practice Partner, an electronic health record system designed for ambulatory use.
- 2004 – 2005      **Physician Consultant, IDX Systems Corporation**  
Internal consultant at the within the Carecast Operating Unit, which produces the Carecast Enterprise Clinical Information System. Responsibilities divided among product design, consulting work with existing clients, and sales.
- 2003 – 2004      **Content Editor, Milliman Care Guidelines**  
Conducted systematic reviews of the medical literature of effectiveness of diagnostic and therapeutic interventions and produced evidence-based guidelines for use by the health plan industry.
- 2001 – 2004      **Associate Director for Clinical Informatics  
University of Washington Physicians Network**  
Same responsibilities as “Medical Informaticist” position below plus additional responsibilities for coordination of clinical informatics projects with affiliate institutions, clinical informatics research, and network-wide clinical quality-improvement and productivity initiatives.
- 1997 – 2001      **Medical Informaticist  
University of Washington Physicians Network**  
Responsible for ensuring that implementation of information technology, including a comprehensive electronic medical record system (EpicCare), proceeds in a manner consistent with good clinical care. Specific projects include customization of a comprehensive electronic medical record system including authoring of customized, evidence-based charting “templates;” development of a health maintenance “tickler” system; development of tools to assist providers with correct E/M coding; chairing a network-wide working group on educating network physicians in use of the EMR; and representing UWPN in various informatics initiatives across the University of Washington system.

---

**OTHER MEDICAL INFORMATICS ACTIVITIES:**

- 2007 -- present      **Co-Chair, Ambulatory Work Group**  
**Certification Commission for Health Information Technology**
- 2006 – 2007      **Member, Electronic Health Records Technical Committee**  
**Health Information Technology Standards Panel (HITSP)**
- 2006 – 2007      **Member, Corporate Partnerships Task Force**  
**American Medical Informatics Association (AMIA)**
- 2005 – 2006      **Member, Scientific Program Committee**  
**AMIA 2006 Annual Symposium**
- 2005 (April-  
June)      **Reviewer, 2005 AMIA Annual Symposium**
- 2004 – 2007      **Member, Workgroup on Functionality**  
**Certification Commission for Healthcare Information Technology**
- 2004 – present      **Member, AMIA Public Policy Committee**
- 2004 – present      **Member, Executive Council**  
**AMIA Clinical Information Systems Working Group**  
Duties include liaison functions between the Working Group and the AMIA  
Public Policy Committee and American Academy of Family Physicians.
- 2004 – 2005      **Member, Scientific Program Committee**  
**2005 AMIA Spring Congress**
- 2003 – present      **Member, Electronic Medical Records Task Force**  
**Washington Academy of Family Physicians**
- 2001 – 2002      **Member, Clinical Information Systems Selection Committee**  
**University of Washington Medical Center**  
Voting member of 10-person committee empowered to select an electronic  
medical record for the two-hospital, 1000-physician University of Washington  
system
- 2000 – 2004      **Primary Care Clinician Advisor**  
**PrimeAnswers Project, University of Washington**  
Assisted project leads with feedback and suggestions regarding electronic  
medical knowledge resources for primary care clinicians.
- 1996 – present      **Author of “The Peripheral Brain,” an online evidence-based knowledge**  
**resource for primary care physicians**  
See: <http://faculty.washington.edu/momus/PB/tableofc.htm>

---

**CLINICAL EMPLOYMENT AND ACTIVITIES:**

2005 – present	<b>Physician, Fremont Family Medicine, Seattle, WA</b>
2004 – present	<b>Volunteer Attending, University of Washington Family Medical Center</b>
2004 – present	<b>Volunteer Physician for Asylum Claims, Physicians for Human Rights</b>
1997 – 2004	<b>Staff Physician, Rotacare Free Clinic, Bellevue, WA</b>
1997 – 2004	<b>Staff Physician, UW Physicians Neighborhood Clinics, Bellevue, WA</b>

---

**LICENSING AND CERTIFICATIONS:**

2004 – present	Fellow, American Academy of Family Physicians
1996 – present	Certified, American Board of Family Practice
1996 – present	Washington Medical License #MD00033177
1994 – present	Certified, Advanced Life Support in Obstetrics

---

**TEACHING ACTIVITIES AND LECTURE PRESENTATIONS:**

2009, July	Invited Lecture, Community Health Information Technology Alliance Summer Forum: “How to Prepare for ARRA/HITECH”
2009, January	Audioconference, “Getting the Most from the Medicare Electronic Prescribing Incentive Program”; Medicare Part B News, sponsor.
2008, October	University of Washington Biomedical and Health Informatics Lecture Series presentation: “An Overview of Electronic Prescribing”
2008, May	Invited Lecture, National Patient Safety Foundation Annual Congress: “Ambulatory Care by Multiple Providers: The Uncharted Minefield of Patient Safety”
2007, October	University of Washington Biomedical and Health Informatics Colloquium Presentation: “Driving User Interface Design through Object Modeling: Structured Family History as an Example”
2005, October	Workshop Presenter: “Governance Models for Clinical Decision Support at Health Care Organizations,” AMIA Annual Symposium
2004, October	Lecture: “Why is Informatics Important in Clinical Medicine?” Graduate Program in Medical Informatics, University of Washington
2004, May	Workshop Leader: “Choosing an Electronic Health Record,” Washington Academy of Family Physicians, Annual Scientific Assembly
2003, September	Course Faculty “Informatics for Practicing Clinicians” continuing medical education conference, Oregon Health and Science University
2003, May	Workshop: “Electronic Medical Records: What to Know Before Taking the Plunge,” Washington Academy of Family Physicians, Annual Scientific Assembly

2002, May                   Lecture: “Home-Grown Coding Systems: An Essential Element in EMR Implementation”  
Towards and Electronic Patient Record conference, Seattle, Washington

2002, May                   Lecture: “Life After Go-Live: True Stories from Five Years of EMR Use”  
American Academy of Family Physicians Spring Technology Symposium, Seattle, Washington

2002, May                   Member, “Electronic Medical Record Roundtable”  
University of Washington Masters in Health Administration program

2002 – 2003               Faculty preceptor  
Postdoctoral Pharmacy Residency program, University of Washington

2002 – 2003               Faculty member  
Minority Medical Education Program, University of Washington

2001 – 2003               Faculty member, “Clinical Topics for Informaticists” course  
Graduate Program in Medical Informatics, University of Washington.

2001                       Lecture: “Introduction to Electronic Medical Records”  
MEDEX Physician Assistant Program, University of Washington

2001                       Lecture series, “Use of WWW-based resources in patient education and the practice of evidence based medicine”  
Family Medicine Residency, University of Washington

2001 – 2004               Member, Education Committee, University of Washington Physicians Network

2000 – 2001               Medical Informatics Consultant, Department of Family Medicine, University of Washington.  
  
Assisted in development of medical informatics curricular initiatives for predoctoral and postdoctoral programs. This has involved ground-up development of web-based educational resources for the Family Medicine Clerkship.

2000                       Lecture, “Practical Pharmacoinformatics”  
School of Medicine Pharmacology course, University of Washington

1999 – 2001               Faculty member, “Virtual Clinic”  
School of Medicine Introduction to Behavioral Science course, University of Washington

1998                       Workshop Leader, “Office Use of Information Technology”  
Annual Review of Family Medicine continuing medical education conference, University of Washington

1997 - 2001               Faculty Preceptor  
MEDEX Physician Assistant Program, University of Washington
