3D Printing HW4

You need to commit to your group and topic for the final 3D printing and public poster presentation. Each *group* must turn in a paper with:

1. [2] a list of the members in the group (groups *must* be two or three people each),

2. [4] a paragraph describing the topic that your group will investigate,

3. [2] identify what object or objects you plan to print, and

4. [3] an outline indicating what work needs to be done to complete an stl file for the object to be printed.
