

3D Printing HW5

Each *group* must:

1. [2] bring the most recent 3D printed object created for your project and be able to:
 - (a) [2] explain to the class what is successful about the print, and
 - (b) [2] explain to the class what still has to be done.
2. turn in a paper with:
 - (a) [2] a screen shot of the 3D file you have been working with, and
 - (b) [2] a draft of the material that you intend to put on the poster.
