

TMATH 120 Textbook Information

Precalculus, Enhanced WebAssign 5th Ed
J. Stewart, L. Redlin, & S. Watson

This edition came out in 2006 and the 6th edition was released two years ago so this textbook should be easy to locate at a reasonable price. The book and WebAssign *need not* be purchased together, but an eBook seems to be provided for free if a WebAssign Access Code is purchased online. *If* you can get a better deal buying Stewart's 5th edition separate from the WebAssign access code, go ahead and do so. The ISBN numbers below are for the edition enhanced *with* WebAssign, but print ISBN-13 for the 5th edition is: 978-0-534-49277-9

The following is a summary of my brief search results carried out on 6/16/2011. If you happen upon a source of reasonably priced textbooks that is not listed below, please email to information to me at rvanderp@u.washington.edu and I will update the list.

Sources for Electric Versions: ISBN-13 #978-0-495-67387-3

- After logging into WebAssign you can purchase a Lifetime Edition access to the ebook *and* WebAssign for \$75.
