

TMATH 126 Textbook Information:

Calculus: Early Transcendentals 6th Ed

J. Stewart

Print ISBN-13: 978-0-495-01166-8

custom print: 978-0-495-65470-4

eText ISBN-13: 978-0-495-54424-1

The above editions came out in 2008 and the 7th edition was released this year so this textbook should be easy to locate at a reasonable price.

WebAssign *must also* be purchased. The book and WebAssign need not be purchased as a set. If you can get a better deal buying the text book separate from the WebAssign access code, go ahead and do so.

The following is a summary of my brief search results for the text carried out on 6/16/2011. If you happen upon a source of reasonably priced textbooks that is not listed below, please email to information to me at rvanderp@u.washington.edu and I will update the list.
