

RESEARCH AND OTHER FUNDING:

Grants, Research Projects, and Other Funding Current:

2009 – 2019, **Sabin, Faculty**, T72 MC 00007-15, Maternal and Child Health Bureau, University of Washington, Seattle Children's Hospital, Pediatric Pulmonary Center (PI Redding)

2014 – present **Sabin Affiliated Faculty**, Center for Health Equity, Diversity and Inclusion, University of Washington, School of Medicine, Workforce Diversity
http://depts.washington.edu/cedi/wp_cedi/

2014 - 2017 **Palliative Care Research Training Grant**, T32, PI name: Jared R. Curtis, 1/27/2014, National Institutes of Health (NIH), Sabin Role: mentor

2015 – 2017 **Sabin, J.A., Co-Investigator**, Education-Practice Partnership to Improve Advanced Heart Failure (AHF) Training and Outcomes for Rural and Underserved Populations in an Accountable Care Organization (ACO), (1 D09 HP 28670-01-00 Zierler (PI) – HRSA 2015 2015 PI. Brenda Zierler), Sabin Role: curriculum development

2016 – 2017 **Bias in Physician-Patient Communication: Janice Sabin, Annie T. Chen** Research keyword(s): physician-patient communication, bias
BIME Student(s): Wilson Lau

Project summary:

This research employs textmining techniques to study communication patterns in physician- patient interactions. In particular, we are interested in the effect that unconscious biases may have on the outcomes of clinical interactions.

2016- 2017, **Sabin, Janice, A., University of Washington Provost Office, Race & Equity Initiative Award** to support of the School of Medicine's efforts to develop implicit bias workshop materials for UWSOM faculty and trainees. (\$5000.00)

2017- 2018, **EQ clinic: Communication skills and cultural awareness teaching using teleconferencing**, PI Renee Lim, **Sabin, J.A.** Consultant, Educational Innovation Grant, 2017 Strategic Education Grant, Office of the Deputy Vice-Chancellor (Education), **THE UNIVERSITY OF SYDNEY**, Rm L4.47, Quadrangle, A14 | The University of Sydney | NSW | (in kind consultation, and participation in scholarship)

2017 **Maternal and Child Health Bureau, Diversity and Health Equity Peer Learning Collaborative, Sabin, J. A. Role: Project Lead University of Washington.** DHEPL is co-led by three MCH Training Programs (University of Washington Pediatric Pulmonary Center (PPC), University of Alabama at Birmingham, University at Albany MCH Public Health Catalyst Program and supported by Altarum Institute and the National Center for Cultural Competence (NCCC).

1 R01 MD010291-01: COmmuNity-engaged SimULation Training (CONSULT) for Cultural Competence, May 01, 2017 through April 30, 2022, NIH, NIMHD, PI Jennifer Tjia, MD, UMass Medical School, **Sabin, J.A. Role:** Co-Investigator, UW sub contract Principal Investigator, funded for 60 months.

Project Summary: **CONSULT** is a training intervention being developed by UMass Medical School that features community-members from racial, ethnic, and

socioeconomic disadvantaged populations as high-fidelity standardized patients (actors trained to portray patients in simulations). The goal of CONSULT is to train early-stage clinicians to develop awareness and communication skills that can overcome sociocultural differences between patients and providers, and the effects of these differences on communication and clinical outcomes. Dr. Sabin will serve as Project Implicit lead contact, guide analysis for bias assessment and bias awareness, monitor data collection and IAT participation, contribute to interpretation of analysis, findings and manuscript writing, and problem solving with Project Implicit as needed.

Grants Completed:

2005 – 2006 **Sabin, Principal Investigator**, Agency HealthCare Research and Quality (AHRQ) 1-R36HS15676-01, *Provider Implicit Racial Bias & Medical Decision-Making*, University of Washington, School of Social Work, Role: \$30,000.

2007 – 5/2012, **Sabin, Co-investigator**, National Institutes of Health (NIH) R01DK079745, The Increasing Kidney Disease Awareness Network (IKAN) Transplant Project (PI, Young, \$158,490)

10/01/08 – 09/30/12, **Sabin, UW Principal Investigator, Grant Co-PI**, Disparities, Culture & Health Phase II: National Center of Minority Health Disparities (NCMHD) 5R44MD000589, (NIH PI VanSchaik, \$663,230), An e-learning course on healthcare disparities for physicians and physicians in training

2010 – 11/2012, **Sabin, Co-Investigator**, Recovery and the Stigma of Mental Illness: A Study of Front-Line Workers in King County's Public Mental Health System, National Institute of Mental Health (NIMH), PI, Stuber, \$156,000).

2010 – 11/2012, **Sabin, Pilot Project Principal Investigator**, National Institutes of Health (NIH), *Investigating Physician Implicit and Explicit Attitudes and Stereotypes and the Delivery of Health Care to American Indian Children* (childhood obesity), National Institute of Minority Health and Health Disparities (NIMHD), MD000507 (PI, Manson) Center grant: \$549,093, Sabin Pilot: \$41,795

2013 **Sabin, Consultant**, National Institutes of Health funded the Eighth National Conference on Quality Health Care for Culturally Diverse Populations (DiversityRX), PI Olivia Carter Pokras, University of Maryland.

Curriculum Vitae Janice A. Sabin July 2017 10

2015 –2016 **Sabin, Faculty**, UW Leadership Education in Adolescent Health Program (UW LEAH), curriculum development, working with Co-Motion, TrainingXchange, Sabin, Record of Innovation #3235, University of Washington
