

### TMG! Investor's Stock Purchase Plan<sup>©</sup>

Twelve teams are now in place in three Industries (A, B and C). By now, you have obtained information on the new management talent of the teams in place, and have some sense of their Vision for their respective firms. It is time to invest your money on buying stocks.

You have a total of \$25,000 to invest. As of this point in time, the stock of each of the firms is valued at exactly the same price (\$25). That implies that you can buy a total of 1000 shares. You can choose to invest your money all in one firm or spread it across as many firms as you wish. Please complete the following Stock purchase Form.
