Suggested HCPCS code - L1832

Adjust. Off-load. Heal quickly. Heal safely.

Create the optimal knee off-loading with just a few turns. TROM Adjuster, another first-to-market product from DonJoy, offers controlled and consistent off-loading to create a better healing environment. Using our successful TROM platform, TROM Adjuster represents a comprehensive post-operative solution for meniscal and chondral defect procedures.

Off-loading adjustable hinge technology
