

Two Main Types of Cells

by Greg Crowther

Of - ten just one mic - ron long,
Oth - er cells have or - gan - elles:
Cov - ered with a layer of fat,

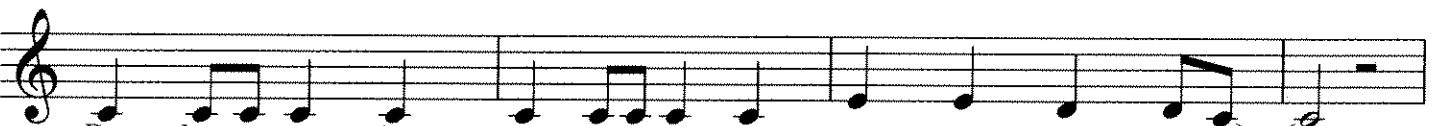

these cells have no nuc - le - us.
lit - tle rooms for diff - rent tasks.
hol - ding ri - bo - somes in - side.

Simp - lest cell type in this song.
Chlor - o - plasts trap light quite well;
These cells can be round or flat.

Some re - side with - in our guts.
lys - o - somes dis - pose of trash.
These are cells that can div - ide.
