EXPLORE THE WORLD OF PODCARS

- * MEET INTERNATIONAL EXPERTS FROM EUROPE, USA AND ASIA
 - * ATTEND SEMINARS, WORKSHOPS AND EXHIBITIONS
 - * DISCUSS THE LATEST NEWS AND TRENDS
 - * SEE THE FIRST RUNNING PODCARS IN SCANDINAVIA

THE PODCAR CITY is an initiative to summon major parties, impacted by today's transportation issues at all levels. The aim is to have an open and creative debate on what Podcar (PRT=Personal Rapid Transport) is, what vendors claim to be possible, what the communities are looking for and what critics and supporters argue about. The main theme is how Podcars can contribute to sustainable cities and regions.

How may a podcar look like?
Visit Vectus test track, then just inaugurated

How will podcars be fit into cities?
Examples and analyses
