Day for presentations

For presentations

- * Each presentations should be 10 minutes talk and 5 minute Q&A
 - * The rest of the time for the session is for overall discussion (about 30 minutes).
 - * The presentation data should be Microsoft power point format or other standard software format.
 - * Please bring your presentation file in a USB memory or a CDR and put the data into the PC at the registration desk.
 - * If you would like to use special software, bring in your own PC. We don't think we have good adapter to connect with projector
 - * There will be no connecting devices for Mac PCs. Mac users should bring your data in a media which suites to Windows version.
 - * Power point might not show characters, other than Japanese and English.
- if you would like to show other languages, such as Simplified or Traditional Chinese, we recommend you to make it a image file.
