

Cookie Clusters

Does your pup seem lazy or sad? Do you think your dog "mopes" around the house? Many pet owners don't believe that their dogs can be depressed. Much like humans, canines can go through times of severe sadness but it seems like there is little we can do for them.

Now you can do something!

Good Dog Bakery has created a revolutionary dog treat called the Cookie Cluster! The Cookie Cluster provides your dog with the perfect amount of *vitamins* and *nutrients* to get your dog energized and playful once more. Even if your pup doesn't seem depressed, Cookie Clusters adds *balance* to any diet and has statistically shown to increase your dog's life.

So what are you waiting for?

Tell me more!

Cookie Clusters come in many flavors to appeal to your dog's unique taste. These scrumptious flavors not only taste realistic but also hide any trace of vitamins and nutrients.
