

MICHAEL A. ETNIER, PO Box 92, Bellingham, WA 98227-0092  
metnier@u.washington.edu personal web page: www.pinniped.net/etnier

### **Current Positions**

Owner and Sole Proprietor, Applied Osteology, Bellingham, WA

Affiliate Professor, Department of Anthropology, University of Washington, Seattle, WA

### **Education**

- 2002 Ph.D. in Anthropology, University of Washington  
*The effects of human hunting on northern fur seal (Callorhinus ursinus) migration and breeding distributions in the late Holocene.*
- 1997 M.A. in Anthropology, University of Washington  
*Dietary Change at Lower Pescado Village (NM12-II09).*
- 1992 B.A. in Anthropology, minor in Zoology, University of Tennessee

### **Other certifications**

- SCUBA open water diver
- Wilderness First Aid
- Wilderness CPR

### **Field Experience**

- 2006- Senior researcher, Kuril Biocomplexity Project (NSF). University of Washington, Seattle, WA.
- 2001 Field Technician, National Marine Mammal Laboratory. Steller sea lion (*Eumetopias jubatus*) tagging expedition, northern Gulf of Alaska. T. R. Loughlin, P.I. (NMML, Seattle)
- 2000 Field Technician, National Marine Mammal Laboratory. California sea lion (*Zalophus californianus*) tagging expedition, San Miguel Island, CA. R. L. Delong and S. R. Melin, P.I.'s (NMML, Seattle)
- 1999 Instructor, University of Washington Archaeology Field School, Kodiak, Alaska. J. B. Fitzhugh, P.I. (U.W.)
- 1998 Archaeologist, National Park Service, Katmai National Park. J. M. Schaaf, P.I. (NPS, Anchorage)
- 1997 Volunteer, population assessment (pup shearing) of New Zealand fur seals (*Arctocephalus forsteri*), South Island, New Zealand. Corey Bradshaw, P.I. (University of Tasmania)
- 1996 Consultant, Hands Across Time Archaeological Project, Vashon Island, King County, WA. J. K. Stein, P.I. (U.W.)
- 1996 Excavator, Paquimé Regional Survey, Chihuahua, Mexico. M. E. Whallon (U. of Tulsa) and P. E. Minnis (U. of Oklahoma), P.I.'s
- 1993 Observer for National Marine Fisheries Service, Domestic Fleet, Alaska, Pacific Observers, Inc., Seattle
- 1987-1993 Gill netting ciscoes (*Coregonus* spp.) for genetic and morphological systematics analysis, Great Lakes and Hudson Bay drainages. D. A. Etnier, P.I., (University of Tennessee)

- 1991-1992 Collection and monitoring of fish and macroinvertebrate populations for environmental impact studies, Great Smoky Mountains National Park and U.S. Park Service, Gatlinburg, Tennessee.
- 1990-1992 Collection and monitoring of fish and macroinvertebrate populations for environmental impact studies, Cumberland Plateau, Tennessee and Kentucky
- 1992 Monitoring of vertebrate populations for assessment of a DOE superfund site, Roy F. Weston Company, Oak Ridge, Tennessee
- 1992 Excavator, Grotte XVI Archaeological Project, Dordogne, France. J.-P. Rigaud (Institut du Quaternaire, Bordeaux), J. Simek (U of Tenn), P.I.'s
- 1985-1992 Recovery program for federally listed endangered species Yellowfin madtoms (*Noturus flavipinnis*) and Smoky madtoms (*Noturus baileyi*), Lifespace Technologies, Knoxville, Tennessee
- 1991 Osceola Island Archaeological Survey (Phase I), Holston River, Bristol, Tennessee

### **Lab Experience**

- 1998-2001 Analysis of eastern North Pacific archaeofaunas, with focus on pinnipeds  
Contract Scientist, National Marine Mammal Laboratory, Seattle. Food habits study of Dall's porpoise (*Phocoenoides dalli*) in the North Pacific. Beth Sinclair, PI.
- 1995-1997 Consultant, EDAW, Inc., Seattle. Identification of skeletal material for Pelton Bald Eagle (*Haliaeetus leucocephalus*) Prey Remains Study.
- 1997 Identification of archaeofaunal remains, University of Otago, Dunedin, New Zealand, 1996 and 1997 Archaeological Field School. Marshall M. Weisler, P. I. (U. of Otago)
- 1997 Volunteer, Department of Marine Science, University of Otago, Dunedin, New Zealand. Elizabeth Slooten, PI. Photo ID project for Hector's dolphins (*Cephalorhynchus hectori*)
- 1996 Identification of archaeofaunal and human remains, Paquimé Regional Survey, Chihuahua, Mexico. M. E. Whallon (U. of Tulsa) and P. E. Minnis (U. of Oklahoma), P.I.'s
- 1995-1996 Analysis of Lower Pescado Village archaeofaunal assemblage, New Mexico. N. Rothschild, P.I. (Columbia University)
- 1993-1995 Director, Vertebrate Faunal Analysis Laboratory. Identification of Homestead Cave faunal assemblage, Bonneville Basin, Utah. D.K. Grayson, P.I. (UW)
- 1994 Assistant curator and biological technician, National Marine Mammal Laboratory. Identification, preparation, and cataloging of fish and squid specimens for the comparative identification collection.
- 1992 Sorting of benthic marine invertebrate samples, EVS Consultants, Seattle, Washington
- 1992 Identification of freshwater macroinvertebrate samples, Pennington and Associates, Cookeville, Tennessee

### **Teaching Experience**

- 2004, 1994 Naturalist/Counselor, U.S. Fish and Wildlife and Pribilof Island School District Stewardship Camp, St. Paul, Alaska
- 2002 Instructor, Archy 495: Quantitative Archaeological Analytic Techniques
- 2000 Instructor, Archy 205: Introduction to Archaeology
- 1999 Teaching Assistant, University of Washington Archaeology Field School, Kodiak, Alaska
- 1998 Teaching assistant, QSCI 482: Inferential Statistics, I

- 1996 Teaching assistant, Archy 481: Faunal Remains  
Teaching assistant, Archy 105: World Prehistory  
1995 Teaching assistant, Archy 205: Introduction to Archaeology

**Outreach and Service**

- 2006- Volunteer Science Instructor, Home Port Learning Center, Bellingham, WA.  
2004-2006 Consultant, World Wildlife Fund's Coastal Communities in Science. Developing and implementing science curriculum in Alaskan Native communities.  
1999-2001 Organizer, Anthropology Department Poster Presentation Series  
1999-2000 Co-organizer, Anthropology Lecture Series.  
1999 Grad Student Representative, Departmental Search Committee  
1993- Artifact ID day, Burke Museum (bone identifications). Bi-annual open-house for museum members and other members of the public

## Publications and Reports

- Etnier, Michael A. 2007. Defining and identifying sustainable harvests of resources: Archaeological examples of pinniped harvests in the eastern North Pacific. *Journal for Nature Conservation* 15(3):196-207.
