Yong Tan is the Michael G. Foster Endowed Professor of Information Systems and Chair of Department of Information Systems and Operations Management at the Michael G. Foster School of Business, University of Washington, and a Distinguished Fellow of the INFORMS Information Systems Society. He received his Ph.D. in Physics, advised by 2016 Nobel Laureate Professor David I. Thouless, and Ph.D. in Business Administration, both from the University of Washington. He was a postdoctoral fellow at the University of Strathclyde and a visiting scientist at the Laboratoire de Physique Quantique, Université Paul Sabatier. His research interests include electronic, mobile and social commerce, big data, AI, economics of information systems, social and economic networks, sharing economy, fintech, and health IT. He has published over 80 papers in Management Science, Information Systems Research, Operations Research, Management Information Systems Quarterly, Journal of Management Information Systems, Production and Operations Management, INFORMS Journal on Computing, IEEE/ACM Transactions on Networking, IEEE Transactions on Software Engineering, IEEE Transactions on Knowledge and Data Engineering, IIE Transactions, European Journal on Operations Research, Decision Support Systems, among others. He served as an associate editor of *Information Systems Research* and *Management* Science, and is now a senior editor of Information Systems Research and Journal of Electronic Commerce Research and on the board of editors of Journal of Management Information Systems. He was a co-chair of Conference on Information Systems and Technology (CIST 2010), the cluster chair of 2012 INFORMS Information Systems Cluster, a track co-chair of International Conference on Information Systems (ICIS 2013, 2021), a co-chair of Workshop on Information Technologies and Systems (WITS 2014), and a co-chair of INFORMS Workshop on Data Science (2019). He received 2017 Management Science Best Paper Award in Information Systems, Association for Information Systems (AIS) Best Publication of 2012 Award, 2012 Information Systems Research Best Paper Runner-Up Award, Andrew V. Smith Award for Excellence in Research, Pacific Coast Banking School Dean's Leadership Award, Dean's Award for Excellence in Research, Dean's Research Award, Dean's Junior Research Award, Lex N. Gamble Family Award for Excellence in the Field of E-Commerce, Ph.D. Program Mentoring Award, Faculty Recognition Award for the Master of Science in Information Systems Program, Undergraduate Professor of the Year Award, and Management Science Meritorious Service Award. He has placed his doctoral students in top information systems programs such as Carnegie Mellon University, Purdue University, Indiana University, University of Notre Dame, University of Texas at Dallas, Georgia State University, University of Florida, Arizona State University, and University of California, Irvine.
